

Architectural Visualizations

Real design studios are delighted to announce that we are now able to provide full life like 3D renders of your company's floor plans and blue prints.

Why do I need this service?

This service will allow your client to view the full plan in a life like states as opposed to a flat schematic view or consultation drawing. It will fuel their imagination by allowing them to view the space and layout potential of your design.

Case Study: Premier Interlink, WACO UK LTD

Job Description: Bovis Temporary Business Accommodation for the London Olympic Games 2012

Job Time Frame: 2 Weeks

Brief:

Real was asked to create Architectural Visualizations for the Bovis temporary accommodation site, giving the client a chance to see the environment straight from the drawing board.

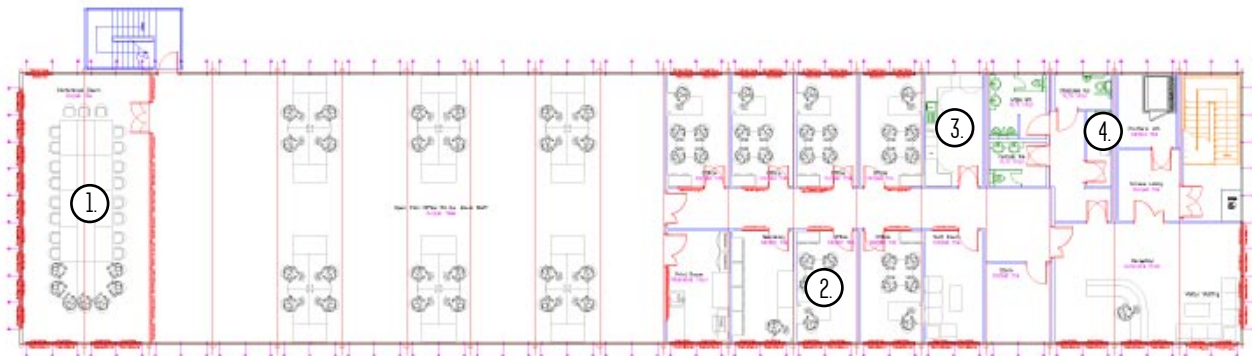

We created multiple versions of the same rooms, with different furniture, lighting and surface materials, this gave the client a better idea of the finishing for each room.

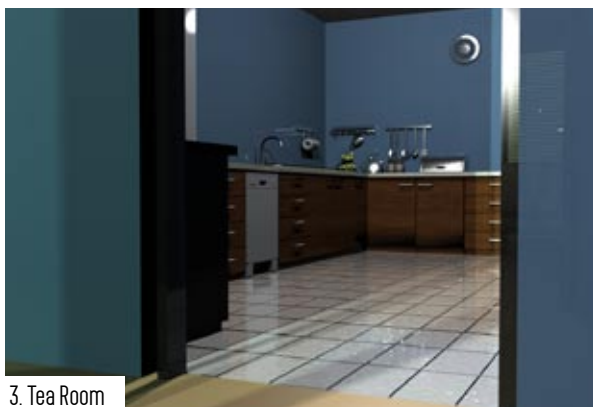

1. Meeting Room

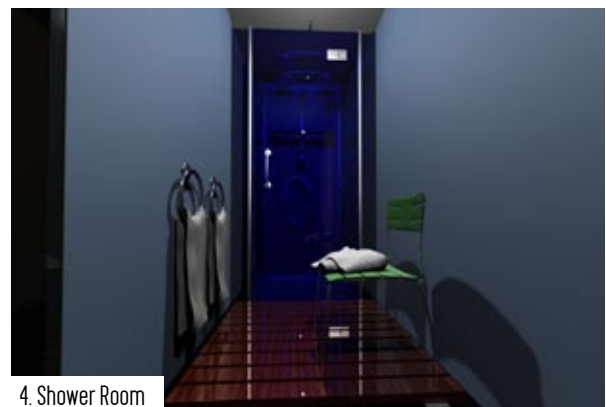

2. Office Room

Supplied floor plan, 3rd floor

3. Tea Room

4. Shower Room
